They're highly inventive pictures with an abstract appeal. Hence, these photographs could be equal to an artist's expression on canvas.

## **Experimental Photography: A Handbook of Techniques pdf ...**

Some photographers like to "get out of the box" and try techniques different from those embraced by digital photography or straight film photography. These alternative techniques are what make up exploratory or experimental photography, which actually started a long time ago when Dada artists first came out with a photomontage.. For many photographers, experimental photography involves the ...
