Minds on Trial : Great Cases in Law and Psychology by ...

The cases featured in Minds on Trial address many interesting intersections between the fields of Law and Psychology, the cases themselves are interesting and bring to light many complications with laws that are intended to be straight forward and clear, that become muddled and murky when applied to actual cases. This would be an interesting read for those interested in careers in the field of Law or Forensic Psychology as future cases are sure to use past cases as a precedent for decisions.
