Nursing Outcomes Classification: Nursing Outcomes ...

The Nursing Outcomes Classification (NOC) is a comprehensive, standardized classification of patient, family and community outcomes developed to evaluate the impact of interventions provided by nurses or other health care professionals.

Standardized outcomes are essential for documentation in electronic records, for use in clinical information systems, for the development of nursing knowledge and the education of professional nurses and students.

The NOC work is, in my opinion, the most viable of the standardized outcomes languages. The NINR has supported its development with funding for research on the validity and reliability of the outcomes. Every nurse and student nurse needs to familiarize him/herself with the text and the outcomes language of the nursing profession.
